IT'S A COLD FACT

That the LEONARD CLEANABLE REFRIGERATOR is almost the only one on the market today which has not deteriorated in quality to meet competition in price. The manufacturers will forfeit \$100 for every one which does not give eight walls for insulation.

That the movable flues for eleanliness are the simplest and best contrivance for getting at every part of the refrigerator. You don't have to lift out the whole ice box to clean it.

That the LEONARD air-tight lock is the best lock ever put on a refrigerator. It clamps the door at top and bottom, thus aiding greatly to preserve the food.

That we sell these most excellent refrigerators just as cheap as others sell the worthless kind.

TROLLEY CREW IS HELD RESPONSIBLE FOR WRECK

Norwalk, O., June 16. - Coroner Martin has rendered a verdict in connection with the collision on the Lake Shore Electric railway, near here on June 2, in which half a dozen passengers were killed and nearly a score injured. The coroner finds that the acident "resulted from the gross carelessness and negligence on the part of the motorman and conductor of the express car, which collided with the limited east-bound car, to observe the rules of the company.
